Project Name: Paul Spice Design Website

Project Justification:	Client is looking for a personal business website to display his interior designs and custom furniture pieces.

Focus:	• Create seven (7) web pages for the website (Home, Living, Office, Kitchen, Bathroom, About and Contact) to display designs and add information about the client.
	
	• Create a brand identity for the client including:
	  ▪ Logo
	  ▪ Color scheme
	  ▪ Typography

Project Start Date: Monday May 23rd, 2022 **Project End Date: Monday July 25th ,2022**	
Deliverables:	A finished responsive mobile and tablet website that displays the clients work and information that is also user and accessibility friendly.
Assumptions:	• All images will be provided by the client • A domain will be already available
